Appendix A: Presidents' Workshop

June 28, 2021

Dear CPhA Local Chapter Presidents,

As we find ourselves in the transition out of Covid-19 restrictions and into more options for meetings and events, I think it would be beneficial to come together and share ideas and inspiration for how local chapters can meet the needs of members in the coming year.

I would like to invite you to a virtual zoom:

Local Presidents' Workshop on  
Thursday July 22, 2021 6:00pm – 7:00pm.

Please also invite your Presidents-Elect and Past Presidents to participate in this opportunity to get to know the leadership of other Chapters and to share with CPhA how we can be the best resource for your work within the local chapter.

This workshop will be an opportunity to experience a short presentation on goal setting with Sacramento Valley President, Peter Tenerelli, and I will share highlights of the CPhA strategic plan. Very importantly it will be a chance to meet other Chapter Presidents and leaders to share ideas and build relationships.

I hope you can attend along with your presidents' team. We are looking forward to a year full of potential and I believe that together we will be that much stronger as we serve our members and elevate the profession of pharmacy.

Please RSVP by responding to this email with the names from your Chapter leadership who will be attending. We will share the zoom link once we receive your response.

Sincerely,

Susan Bonilla

CEO CPhA

Appendix B: UCSD Clinical Skills Competition

Greetings esteemed faculty and pharmacists!

I hope this email finds you well! My name is Raymond Wen and I am the CSHP Educational Services Chair 2021 - 2022. I have been given the pleasure to invite you to participate as a **judge** on our panel for the **Mock and Actual ASHP Clinical Skills Competition (CSC)**! The mock competition is going to take place on September 25<sup>st</sup>, and the actual competition on October 9<sup>th</sup>.

This competition requires a panel of pharmacists to judge student case presentations. Information on the guidelines of judging and the designated case will be provided later by Dr. Jaclyn Jaskowiak. Dr. Jaskowiak is helping me coordinate this event and we will be actively communicating with our judges through this process.

We would love you to be a judge for the mock and actual ASHP CSC competition. **Please email me if you would like to be a judge for this great competition!**

Below I have provided additional information about the competition that has also been sent to our UCSD-CSHP student members:

**WHO – CSHP members in teams of 2 (regardless of academic year)**

\*Students must participate in the mock competition in order to participate in the actual competition

**WHAT** - CSC is an interactive, team-based analysis of clinical scenarios for hospital/health-system pharmacists.

**WHEN – Mock: Saturday, September 25<sup>th</sup>; Actual: Saturday, October 9<sup>th</sup>**

**WHERE – UC San Diego, Skaggs School of Pharmacy (SSPPS) Classroom 1170 with additional rooms if necessary**

*How does mock CSC work?*

- Each team is given a case summary and references (textbooks, online databases)
- Each team has 2 hours to complete a written assessment and oral presentation of the patient case
- The oral presentation will be 2 minutes in front of a panel of judges followed by 8 minutes of Q&A
- The judges will give feedback to the teams on their assessment of the case and presentation skills.

## Appendix C: UCSD SNPhA Covid Vaccine Clinics

Some of SNPhA's Covid vaccination clinic times have changed. The modified dates and times are:

- **July 10** at Logan Temple AME Zion Church (302 S. 32nd Street, San Diego, CA, 92113) - 12-4 PM
- **July 18** at PLNU (3900 Lomaland Drive, San Diego, CA 92106) - 9AM-2PM
- **July 24** at New Seasons Church (2300 Bancroft Drive Spring Valley, CA 91977) - 9AM-1PM
- **August 15** at Point Loma Nazarene University (3900 Lomaland Drive, San Diego, CA 92106) - 9AM-2PM

It would be fantastic if faculty and residents would be able to come and act as preceptors for these events. Acting as preceptor would involve overseeing UCSD pharmacy students during the event, helping with documentation of the number of vaccinations completed during a time course, and reading submitted reflections from students for IPPE/CC hours. It would be great if we could have 2 preceptors per event.

If you are interested in precepting, please sign up via the attached sign-up link [here](#). Please also send me an email containing your CA RPh License # if you plan to volunteer so that I can add it to the IPPE approval form!
